VOL. 9 AUTHOR INDEX

A

Addis, M. E., 367–378, 421–424
Adler, A. B., 112–134
Amundsen, M. J., 165–190
Andrusyna, T. P., 2–12
Antony, M. M., 91–94
Arata, C. M., 135–164
Arensdorf, A., 165–190
Armstrong, J., 231–248

B

Barlow, D. H., 1
Bayen, U. J., 353–366
Bearman, D. L., 231–248
Berman, J. S., 2–12
Berman, M., 231–248
Beutler, L. E., 30–34, 434–438
Bickman, L., 195–199
Borkovec, T. D., 76–80
Breslin, F. C., 275–299
Bryant, R. A., 112–134
Bush, J. W., 443–447

C

Carroll, K. M., 17–20, 396–406
Chambers, D. A., 204–209
Chambless, D. L., 13–16, 353–366
Chang, G., 264–269
Chorpita, B. F., 165–190, 431–433
Colón, E., 231–248
Corrigan, P. W., 35–53
Craske, M. G., 69–75
Crits-Christoph, P., 81–84

D

DeLeon, P. H., 249–255
Diguer, L., 2–12
Dobson, K. S., 407–409
Donkervoet, J. C., 165–190
Dunivin, D. L., 249–255

E

Eifert, G. H., 312–328

F

Forman, E. M., 329–343
Fresco, D. M., 85–90

G

Gamble, S. J., 439–443
Given, D. R., 344–347
Gonzales, J. J., 204–209
Gray, M. J., 112–134
Grove, W. M., 231–248

H

Hamilton, K. E., 407–409
Hansen, N. B., 329–343
Hawley, K. M., 225–230
Hayes, S. C., 101–106, 264–269, 410–415
Hazlett-Stevens, H., 69–75
Heiby, E. M., 256–258
Heimberg, R. G., 85–90
Henggeler, S. W., 191–194, 419–420
Hoagwood, K., 210–213
Hogan, M. F., 200–203
Hook, J. N., 379–395
Hunt, M., 107–108

I

Ilardi, S. C., 108–111

J

Jackson, Y., 220–222
Jensen, P. S., 223–224

K

Kendall, P. C., 214–216
Klein, D. F., 28–29
Klonsky, E. D., 300–311
Krause, E. D., 2–12

L

Lambert, M. J., 329–343
Lee, T., 191–194
Levant, R. F., 259–263
Levitt, J. T., 2–12
Litz, B. T., 112–134
Luborsky, L., 2–12

M

Mareck, S., 231–248
McCullough, J. P., Jr., 447–452
McGee, C., 165–190
McMain, S., 275–299
Mennin, D. S., 85–90
Messer, S. B., 21–25
Moras, K., 425–430
Morelli, P., 165–190

N

Newman, R., 249–255
Norcross, J. C., 270–274
Nuro, K. F., 396–406

O

Oltmanns, T. F., 300–311
Orsillo, S. M., 54–68
Otto, M. W., 348–349

R

Resnick, R. J., 270–274
Ringeisen, H. L., 204–209
Roberts, M. C., 108–111, 217–219
Robiner, W. N., 231–248
Roemer, L., 54–68
Rosenthal, R., 2–12
Rounsaville, B. J., 17–20

S

Saakvitne, K. W., 439–443
Sammons, M. T., 259–263
Sanderson, W. C., 350–352

Schneider, K. J., 26–27
Schoenwald, S. K., 419–420
Schulte, D., 312–328
Seligman, D. A., 2–12
Serrano, A., 165–190

T
Turk, C. L., 85–90
Turkheimer, E., 275–299

V
Valentiner, D. P., 379–395
Vevea, J. L., 353–366

W
Waltz, J., 421–424
Wampold, B. E., 21–25
Watson, A. C., 35–53
Weisz, J. R., 225–230
Wells, A., 95–100
Westen, D., 416–418
Woods, C. M., 353–366

Y
Yates, A., 165–190
Yim, L. M., 165–190

Z
Zack, M., 275–299

A

Acceptance, 69–75, 101–106
Acceptance and commitment therapy, 101–106
Acceptance-based therapy, 54–68
Addictive behaviors, 275–299
Allegiance, 28–29
Amalgamated qualitative research, 26–27
Assessment, 300–311
Axis-II, 300–311

B

Bridging science and practice, 425–430

C

Checker, 353–366
Child sexual abuse, 135–164
Child treatment outcome, 220–222
Children, 204–209
Children's mental health, 210–213, 217–219
Children's services empirical (or) evidence-based, 200–203
Clinical practice, 165–190, 214–216, 225–230
Clinical significance, 329–343
Clinical training, 225–230
Cognitive-behavior therapy, 69–75, 76–80, 348–349
Common factors, 21–25, 312–328
Comparative efficacy of psychotherapies, 13–16
Comparisons of active psychotherapies, 2–12
Compulsive, 353–366
Converging lines of multiple sources of data, 26–27
Correction for researcher's treatment allegiances, 2–12

D

Defenses, 81–84
Differential treatment, 30–34
Dissemination, 165–190, 223–224, 367–378, 410–415, 416–418, 419–420, 421–424
Dissemination of innovation, 191–194
Dodo bird verdict, 2–12, 17–20
Dose-response, 329–343, 344–347, 348–349

E

Early intervention for trauma, 112–134
Eclectic treatment, 434–438
Effect size, 28–29
Effectiveness, 223–224, 421–424
Effectiveness research, 329–343, 344–347, 348–349
Efficacy, 223–224
Efficacy research, 329–343
Emotion regulation, 85–90
Emotional avoidance, 101–106
Empirically based treatment, 264–269
Empirically supported therapy, 13–16
Empirically supported treatments, 214–216, 217–219, 220–222, 225–230, 367–378, 396–406, 416–418, 425–430, 434–438
Empirically validated treatments, 2–12
Ethnic values, 431–433
Ethnicity, 220–222
Evidence-based practice, 191–194, 204–209, 225–230, 367–378, 407–409, 421–424
Evidence-based training, 165–190
Evidence-based treatment, 350–352
Evidence-based treatments, 191–194, 195–199, 210–213
Experiential avoidance, 54–68

F

Felix decree, 217–219

G

Generalized anxiety disorder, 54–68, 69–75, 76–80, 81–84, 85–90, 95–100
Generalized social phobia, 379–395

I

Implementation, 200–203, 223–224
Informants, 300–311
Information processing, 95–100, 275–299
Interpersonal, 81–84
Interpersonal model, 379–395

M

Manipulated training research, 410–415
Measurement, 195–199
Medical model, 21–25
Medication, 231–248
Memory, 353–366
Mental health, 204–209
Mental health innovations, 191–194
Mental health services, 217–219
Mental illness, 35–53
Meta-analysis, 17–20, 353–366
Metacognition, 95–100
Methodology, 28–29
Mindfulness, 54–68, 69–75, 76–80, 95–100, 101–106
Mindfulness meditation, 275–299

Psychological debriefing, 112–134
Psychologist, 231–248
Psychologists' identity, 270–274
Psychopharmacology, 249–255
Psychotherapy, 28–29, 30–34, 223–224, 225–230, 407–409, 421–424, 434–438
Psychotherapy efficacy, 17–20
Psychotherapy integration, 434–438
Psychotherapy manuals, 425–430
Psychotherapy outcome, 2–12, 329–343, 344–347, 348–349
Psychotherapy process, 312–328
Psychotherapy research, 13–16, 350–352
Psychotherapy techniques, 17–20
Public health model, 425–430

Q
Quality assurance, 419–420

R
Rape, 135–164
Regulation, 231–248
Relapse, 275–299
Research, 200–203
Research and clinical practice, 367–378
Revictimization, 135–164

S
Secondary prevention of PTSD, 112–134
Self-efficacy, 35–53
Self-esteem, 35–53
Self-evaluation, 379–395
Self-report, 300–311
Sexual assault, 135–164
Social distancing behavior, 379–395
Specific effects, 30–34
Specific ingredients, 21–25
Specific social phobia, 379–395
Spirituality, 101–106
Stage III research, 410–415
Stage model, 396–406, 431–433
Stigmatization, 35–53

T
Therapeutic alliance, 195–199
Therapeutic relationship, 312–328
Therapist decision making, 312–328
Therapy dissemination, 425–430
Training, 165–190, 231–248, 249–255
Training for prescription privileges, 270–274
Trauma, 135–164
Treatment, 223–224, 275–299
Treatment engagement, 348–349
Treatment evaluation, 165–190
Treatment manuals, 396–406, 407–409, 410–415, 416–418, 419–420, 421–424, 431–433, 434–438
Treatment motivation, 312–328
Treatment planning, 30–34

W
Worry, 54–68, 69–75, 81–84, 95–100, 101–106
